

Classic Car and Fun Day

Crowds gathered at Gredington on Sunday afternoon for the first ever Horseman's Green Fun Day and Classic car show. It was a delight to see so many people from near and far, and old and young enjoying themselves in the last of the summer sun. Owners had ventured out in their much looked after cars to produce a magnificent display of over 50 vehicles. Two car clubs were represented the BMW club and the MG and Triumph Club (Wrexham branch) along with individual owners. The Best in Show was awarded to an MG Midget owned by Joan Jarrett with a futuristic, yet classic McClaren a close runner up. Many thanks to all who displayed their pride and joy!

Meanwhile in the 'arena' area crowds mingled and participated in a variety of activities – spinning the wheel, filling the wellington boot and the lucky dip. Those who were feeling energetic cast caution to the wind and tried their hand at Line dancing, Latin style under the direction of Sue Knight. Those less energetic – took delight in watching the show! The crafting, jewellery, art and photographic stalls provided something for everyone to browse around. The Grand Draw really was GRAND, with 20 raffle prizes awarded! The ladies of Hanmer Church magnificently dealt with the huge numbers seeking refreshment as the temperatures rose. They also ensured an endless supply of fabulous cakes which certainly tempted the taste buds. Well done ladies!

The afternoon was a huge success and all credit must go to the main organisers – Jackie and Gareth Edwards, Andrea Porter and Malcolm Aird. Grateful thanks also go to Lady Kenyon and the late Lord Kenyon for offering their wonderful venue. The afternoon was an indication of what can be achieved when local communities work together for the benefit of all. Thanks to all who turned out and supported the event – we trust you had an enjoyable and fun afternoon. Hopefully this will not be the last such event.
