

Horseman's Green News Report – Local Cafe Supports Dementia UK's "Time for a Cuppa"

The Green Cafe in the small hamlet of Horseman's Green opened its doors again on Saturday Morning for what is fondly known as a "Posh Coffee Morning". A range of speciality teas and freshly brewed coffee was available for local residents from 10.30 am through to 12.00. A variety of delicious homemade cake was also on offer all kindly donated by residents from the local community.

The popularity of this 'pop up' cafe seems to be growing with in excess of 50 people dropping in for a friendly chat and 'brew'. The Community Hall was quite a buzz with the noise of their chatter! Pat Burns, a Community Agent worker based at The Rainbow Centre, Penley was also present at the Coffee Morning offering information on a range of issues which might impact the life of the over 50's.

The Coffee Morning with its raffle raised in excess of £230 for Dementia UK.

Grateful thanks go to all who generously made and donated cakes and to those who supported this event. Special thanks also to those who worked tirelessly in the kitchen! A highly successful morning!

The Green Cafe will be open again on the morning of May 11th – do drop in if you are in the vicinity. You can be assured of a warm welcome.

Other future events in Horseman's Green include: A Bingo Night on Friday March 22nd and a 70's Music Night on Friday April 12th. Check out the Horseman's Green Facebook page for details on these and other events.
